

MAIL TO:

CG Docket No. 03-123  
Federal Communications Commission (FCC)  
445 Twelfth Street SW  
Washington, DC 20554

Dear Chairman Martin, Commissioners Adelstein, Copps, McDowell, and Tate:

We as signed below are deaf, hard of hearing, families, friends and coworkers who have used Video Relay Service (VRS) to communicate. We are appalled to learn that the FCC staff is intent on drastically cutting the VRS rate, and effectively cutting VRS availability for the deaf and hard of hearing. Instead of seeking to limit the number of deaf/hard of hearing people with VRS access, the FCC should do everything in its power to make VRS available to more deaf and hard of hearing people.

We, along with other deaf and hard of hearing individuals, use these services in both our work and personal life. It is an important way in which we communicate with both hearing and deaf/hard of hearing individuals. We urge you to do everything you can to make VRS service available to the many deaf/hard of hearing people who currently do not have access to this vital, life-changing service.

The VRS rate should encourage the VRS providers to:

- Serve more deaf/hard of hearing people, not discourage them from reaching out to more deaf/hard of hearing people
- Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS and the local Deaf/hard of hearing communities
- Provide service and technology improvements, such as the development of new videophone equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

We, along with other deaf and hard of hearing individuals, their families and coworkers, depend on VRS and other relay services.

**Please stop any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide deaf people with functionally equivalent telecommunications services.**

Sincerely,

NAME: Doris Lee R. Karr

RE: CG Docket No. 03-123  
Federal Communications Commission (FCC)  
445 Twelfth Street SW  
Washington, DC 20554

Dear Chairman Martin, Commissioners Adelstein, Copps, McDowell, and Tate:

I am a deaf person and I use Video Relay Service (VRS) to communicate. I was appalled to learn that the FCC staff is intent on drastically cutting the VRS rate, and effectively cutting VRS availability for the deaf. Instead of seeking to limit the number of deaf people with VRS access, the FCC should do everything in its power to make VRS available to more deaf people.

Along with other deaf individuals, I use these services frequently. It is an important way in which I/we communicate with both hearing and deaf individuals. I urge you to do **EVERYTHING** you can to make VRS service available to the many people who currently do not have access to this vital, life-changing service.

The VRS rate should encourage the VRS providers to:

- Serve more deaf people, not discourage them from reaching out to more deaf people
- Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS and the local Deaf communities
- Provide service and technology improvements, such as the development of new videophone equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

I heavily depend on VRS.

**Please STOP any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide deaf people with functionally equivalent telecommunications services.**

Sincerely,

Danell M. Madsen

**RE: CG Docket NO. 03-123; TRS Fund—Drastic VRS Rate Cuts**

Dear Chairmen Martin,

Commissioners Adelstein, Copps, McDowell, and Tate:

I have many deaf and/or hard of hearing friends, family members, and/or co-workers that I communicate with using Video Relay Service (VRS). I was appalled to learn that the FCC staff is proposing a drastic cut to the VRS rate, and effectively cutting VRS availability to the deaf and hard of hearing community. Instead of seeking to limit the number of deaf and hard of hearing people with VRS access, the FCC should do everything in its power to make VRS available to everyone in the deaf and hard of hearing community.

I, along with other hearing, deaf, and hard of hearing individuals, use these services in work and/or personal life. It is an important way that the hearing, deaf, and hard of hearing communities use to communicate. I urge you to do everything you can to make VRS service available to the many deaf and hard of hearing who currently do not have access to this vital, life-changing service.

The VRS rate should encourage the VRS providers to:

- Serve more deaf and hard of hearing people, not discourage them from reaching out to more deaf and hard of hearing people
- Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS
- Improve service and technology so the mandate of the Americans with Disabilities Act (ADA) for functionally equivalent telecommunications services is met

I, along with the afore mentioned individuals, their families and coworkers, depend on VRS and other relay services.

Please stop any VRS program cuts and fulfill the mandate of the ADA to provide deaf and hard of hearing people with functionally equivalent telecommunications services.

Sincerely,

Re: CG Docket N. 03-123; TRS Fund – Drastic VRS Rate Cuts

Dear Chairman Martin,  
Commissioners Adelstein, Copps, McDowell, and Tate:

I am a Deaf consumer and I use Video Relay Service (VRS) to communicate hearing consumers. I was appalled to learn that the FCC staff is intent on drastically cutting the VRS rate, and effectively cutting VRS availability for the Deaf. Instead of seeking to limit the number of Deaf people with VRS access, the FCC should do everything in its power to make VRS available to more Deaf people.

I, along with other hearing and Deaf individuals, use these services in both my work and personal life. It is an important way in which I/we communicate with hearing individuals. I urge you to do everything you can to make VRS service available to the many Deaf people who currently do not have access to this vital, life-changing service.

The VRS rate should encourage the VRS providers to:

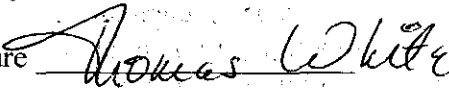

- \* Serve more Deaf people, not discourage them from reaching out to more Deaf people
- \* Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS and the local Deaf communities
- \* Provide service and technology improvements, such as the development of new videophone equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

I, along with other hearing and Deaf individuals, their families and coworkers, depend on VRS and other relay services.

Please stop any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide Deaf people with functionally equivalent telecommunications services.

Sincerely,

Signature

RE: CG Docket No. 03-123  
Federal Communications Commission (FCC)  
445 Twelfth Street SW  
Washington, DC 20554

Dear Chairman Martin, Commissioners Adelstein, Copps, McDowell, and Tate:

We as signed below are deaf, hard of hearing, families, friends and coworkers who have used Video Relay Service (VRS) to communicate. We are appalled to learn that the FCC staff is intent on drastically cutting the VRS rate, and effectively cutting VRS availability for the deaf and hard of hearing. Instead of seeking to limit the number of deaf/hard of hearing people with VRS access, the FCC should do everything in its power to make VRS available to more deaf and hard of hearing people.

We, along with other deaf and hard of hearing individuals, use these services in both our work and personal life. It is an important way in which we communicate with both hearing and deaf/hard of hearing individuals. We urge you to do everything you can to make VRS service available to the many deaf/hard of hearing people who currently do not have access to this vital, life-changing service.

The VRS rate should encourage the VRS providers to:

- Serve more deaf/hard of hearing people, not discourage them from reaching out to more deaf/hard of hearing people
- Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS and the local Deaf/hard of hearing communities
- Provide service and technology improvements, such as the development of new videophone equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

We, along with other deaf and hard of hearing individuals, their families and coworkers, depend on VRS and other relay services.

Please stop any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide deaf people with functionally equivalent telecommunications services.

Sincerely,

**RE: CG Docket No. 03-123; TRS Fund – Drastic VRS Rate Cuts**

Dear Chairman Martin,  
Commissioners Adelstein, Copps, McDowell, and Tate:

I am a hearing person and use Video Relay Service (VRS) to ~~communicate~~ with other deaf and hard-of-hearing individuals. I was ~~appalled~~ to learn that the FCC staff is intent on drastically cutting the VRS rate, and effectively cutting VRS availability for the deaf. Instead of seeking to limit the number of deaf people with VRS access, the FCC should do ~~everything~~ in its power to make VRS available to more deaf people.

I, ~~along~~ with other hearing and Deaf individuals, use these services in both my ~~work~~ and personal life. It is an important way in which I/we ~~communicate~~. I urge you to do everything you can to make VRS service ~~available~~ to the many deaf people who currently do not have access to this ~~vital, life-changing~~ service.

The VRS rate should encourage the VRS providers to:

- ~~Serve~~ more deaf people, not discourage them from reaching out to more ~~deaf~~ people
- ~~Provide~~ interpreter training programs so that there will be an adequate ~~number~~ of qualified interpreters for VRS and the local Deaf communities
- ~~Provide~~ service and technology improvements, such as the development of ~~new~~ videophone equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

I, ~~along~~ with other hearing and deaf individuals, their families and coworkers, depend on VRS and other relay services.

Please stop any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide deaf people with functionally equivalent telecommunications services.

Sincerely,

Re: CG Docket N. 03-123; TRS Fund -- Drastic VRS Rate Cuts

Dear Chairman Martin,

Commissioners Adelstein, Copps, McDowell, and Tate:

I am a hearing consumer and I use Video Relay Service (VRS) to communicate Deaf consumers. I was appalled to learn that the FCC staff is intent on drastically cutting the VRS rate, and effectively cutting VRS availability for the Deaf. Instead of seeking to limit the number of Deaf people with VRS access, the FCC should do everything in its power to make VRS available to more Deaf people.

I, along with other hearing and Deaf individuals, use these services in both my work and personal life. It is an important way in which I/we communicate with both hearing and Deaf individuals. I urge you to do everything you can to make VRS service available to the many Deaf people who currently do not have access to this vital, life-changing service.

The VRS rate should encourage the VRS providers to:

- \* Serve more Deaf people, not discourage them from reaching out to more Deaf people
- \* Provide interpreter training programs so that there will be an adequate number of qualified interpreters for VRS and the local Deaf communities
- \* Provide service and technology improvements, such as the development of new videophone equipment, fulfilling the Americans with Disabilities Act (ADA) mandate of functionally equivalent telecommunications services

I, along with other hearing and Deaf individuals, their families and coworkers, depend on VRS and other relay services.

Please stop any VRS program cuts and fulfill the mandate of the Americans with Disabilities Act (ADA) to provide Deaf people with functionally equivalent telecommunications services.

Sincerely,
